L. 83-600 (S. 16) which relate to the appearances of witnesses before congressional committees and the immunity accorded certain individuals involving national security, etc. Although we did not have copies of these reports, Mr. Haley was given citations to the various reports in the U. S. Code Congressional Service. He was also referred to a law review article (23 GWU Law Review, 5 and 6) entitled, "Immunity and Separation of Powers." Mr. Haley was most appreciative of this information, particularly of the law review article.
